Home for the Aged,
P.O. Kavoor, Mangalore 2-
6th Jan. '54.

Dear Mr. Subramaniam,

A Happy & Prosperous New Year to you! It seems an age since I have written to you! But you have never been far from my thoughts, because whenever I am worried about my 'Home' and its needs, my thoughts run to you.

Today being an auspicious Day for us, I mean to try my luck, with the firm hope that God will grant my desire through you!

Now, early last year, I applied to you for a Govt. Grant for our 'Home'. I sent in a 'Reminder' after some months and you replied to mine immediately that the matter is being seen into. Then I waited again, but in the end I changed my mind and felt inclined to change my mind to forfeit the Grant, because while enjoying a Govt. Grant, there will be accounts to maintain and extra correspondence etc., which means a good deal

P.T.O.

of extra work added to my already existing heavy work! So then, I wish to let you know that I no more wish for the Grant but I am anxious to make another request. You have already been so kind as to allow me Wheat Rations on Concession Rate. Allow me to make one more request in this New Year, when I beg of you to kindly allow me Rice-Rations also. If I did not find difficulty in purchasing Black market Rice, I would not have troubled you for Rice-Rations. You see, our Institution is a small one, the strength being only 14 members in all. I ask of you this favour as a New Year's Gift from you. But, if there be serious reasons why you will not be able to grant this favour, I accept your refusal with calm resignation. I well understand, that if it were left to you alone, you will surely grant it, but you have to depend on your Council & Members also.

For this favour, I and all mine shall always remember you in our prayers, that God may bless you & yours!

Wishing you all the best of God's blessings for the New year, with kindest regards,

Yours V. Sincerely,

Mother M. Julia
Superior.

P.S.
Kindly drop me a line to let me know if I can apply for Rice-Rations officially.

Grant in aid institutions etc. are to be supplied with 4 ounces of rice and 4 ounces of other grains. The institution appears to be private one and it is eligible to get only wheat and/or millets at 12 ounces ~~and~~ at concessional rates but not rice ration. For obvious reason it does not appear necessary to comply with the request to supply rice to the institution. The draft memo on Mr Lahore is for approval.

I think on a previous occasion we showed some concession to this kind of institution. I think it was an acute case.

Resubmitted. Previously the applicant requested the supply of rice ration from Govt stocks for the Home for the Aged.

and the request was negatived. The applicant was however informed that the institution can get wheat at concessional rate at which it is supplied through fair price shops. Please see p. 2 cf. of (2).

✓ Memo 3728B/53 9-2-54

No other concession to the institution appears to have been allowed. For orders whether the draft on please may be approved.

29.1.54.

In view of the orders already passed at (2) and as under the new food policy we are withdrawing our commitments, the request for the supply of rice ration for the institution cannot be complied with. In view of A at p 2 cf. an official reply does not seem necessary.

NOTE FOR CIRCULATION.

The case relates to the request of Mother Superior of the Home for the Aged, Mangalore for the supply of rice ration for the institution.

Once before in January 1953 the Mother Superior represented that the concession of supplying foodgrains from Govt. stocks to the Charitable Institutions was not extended beyond 27.12.52, that the institution which is maintained by alms and charities is finding it difficult to purchase its rice requirements from open market and requested that the institution may be allowed to purchase its rice requirements from the fair price shops. As general orders were issued discontinuing the supply of rice requirements to all the institutions from 25.1.53 and that the institutions should make their own arrangements for purchase of their rice requirements thereafter, the request of the Mother Superior for supply of rice requirements from Govt. stocks could not be considered favourably. After taking orders in circulation the Mother Superior was informed that her request cannot be complied with and that if required the institution would be supplied with wheat at concessional rate at which it was supplied through fair price shops.

Though at present rice ration from Govt. stock is allowed only to Govt. institutions such as orphanages grants-in-aid institutions, jails, Borstel Schools e under the orders in G.O.Ms.No. 1193 Food & Agri. dt. 27-7- under the food policy for 1954 the Govt. are curtai their commitments further and it has also been ord that the supply of rice to the Govt. institutions should be continued only till the end of March In the circumstances it is not possible to c with the request of the Mother Superior for

of rice from Govt. stocks to her institution.

The file may be circulated to M(F.& E.) for orders whether a reply accordingly may be sent to the applicant with reference to portion marked ~~at~~ 'A' on p. 2 c.f.
